

Notes from Your Administrator

June 22, 2009

Summer Office Hours

Your administrative staff continues to be busy working during the summer months. Mrs. Rice, Mrs. Clevenger and Mrs. Hepler are in the office each week Monday, Tuesday, and Wednesday, 9am -3pm. Mrs. Royal is in the guidance office each week Tuesday, Wednesday and Thursday 9am-3pm. If we can be of assistance to you in anyway, please do not hesitate to call.

2009-2010 School Year Calendar Posted

Please check out the school website for the upcoming school year calendar. Important dates for back to school, testing and exams are included.

Upper School Electives

All students 7th -12th will be receiving an updated elective registration form and letter from Mrs. Royal. We have had some changes in elective offerings and want to make that information available to all students. No action is necessary unless your child would like to change his/her elective choices.

Uniform Choices

Now is the time to be making your uniform purchases for the fall. Educational Outfitters is in the middle of their June sale. Lands' End also has many sale items over the next few weeks as well.

Educational Outfitters will be here with us in July for a "cash and carry event" and to assist in measuring your child for appropriate sizes and lengths. Dates have not yet been finalized, but will be announced soon.

There are not many changes to the selections from last year. The biggest change for the fall will be that all students will be required to have some type of NACS uniform sweatshirt, sweater, fleece or jacket. Non-uniform jackets and sweatshirts **will not** be allowed to be worn to school at all. Because the students travel between buildings and they tend to also get cold in the classroom, a uniform jacket will be necessary. There are many choices from Lands' End and from Educational Outfitters. (Please make sure your choice is on the NACS list when purchasing) The only exception will be in the winter when the weather requires a **heavy** coat.

Welcome New Faculty

Our teaching faculty for the fall is completely in place. We welcome the following new teachers to the NACS family:

Mrs. Brandi Henson: First Grade Teacher

Mrs. Jenny Newton: Physical Education Teacher
Mr. Todd Hornaday: Athletic Director, Volleyball Coach, Electives

Sympathy Extended

Our deepest sympathy is extended to Mrs. Flynn on the passing of her mother, Grace Sanderson. Mrs. Sanderson, after fighting a brave battle with cancer, went home to be with the Lord earlier this month. Our prayers are with Kim, Bill, Jessica and Patrick.

We also send our sympathy to the Pettit Family. Kelly's father passed away right after school was dismissed for the summer. Please continue to pray for Kelly, Emily and Taylor as they remain in Wisconsin with their extended family for a few weeks.

Summer Newsletters

My goal is to send out Administrator Notes each month over the summer to give you updates and reminders. Thanks for your patience in reading all of this information.

I hope that you are enjoying your lazy days of June!

Serving joyfully,

Susie Hepler
